# 2020 ANNUAL REPORT

SET Swiss Energy Trading AG

## ANNUAL REPORT 2020 - FOREWORD SET SWISS ENERGY TRADING

The energy markets were impacted by the pandemic crisis during the year 2020. The EU gas consumption decreased by more than 10% in the second quarter of 2020 year-on-year due to lockdown measures.

Globally, the EU decrease in gas consumption amounted to 12 bcm, down by 3%, compared to 2019. The consumption was also limited due to a relatively mild weather in 2020. At the end of December 2020, the Brent crude oil price reached a level of USD 51/bbl and the Dutch TTF spot gas price a level of € 19/MWh.

Gas prices were impacted by a volatile LNG supply. LNG imports in Europe fell by 27% in the fourth quarter of 2020 year-on-year due to price premiums paid in Asia which resulted in cargo redirections towards the Asian gas markets. During the last period of 2020, the carbon prices showed a measurable increase rising from around € 27/TCO2eq. to € 32/TCO2eq. However, in the spring 2021, the carbon price rose above € 50/TCO2eq. for the first time, showing that investors strongly believe in new climate ambitions with the energy transition.

In 2020, total gas trade in the EU amounted to 66,218 TWh, 14% more than the previous year. The share of the TTF hub increased to 74% by the end of 2020 and emerged as the liquid continental benchmark.

In Switzerland, the gas consumption decreased by 2.6% compared to 2019. Globally, 37.2 TWh were delivered to the Swiss customers. During this fiscal year, Swiss Energy Trading presented a strong financial result and the new business strategy was approved by the Board of Directors.

SET looks forward to the future with confidence by developing new activities in the gas wholesale sector.

On behalf of the entire Board of Directors, I would like to thank the entire SET team for the excellent work done during the year. I further would like to extend my gratitude and appreciation to my colleagues on the Board and the members of our Risk Committee for their continued support and excellent cooperation throughout the year.

#### René Bautz

Chairman of the Board

## ABOUT SET

SET Swiss Energy
Trading AG (SET) was
established in 2009
in order to become
the joint trading arm
for Swiss regional
gas suppliers. SET is
consolidating and
developing the natural
gas sales & purchase
of their portfolios.

Since December 2019, SET belongs to Gasverbund Mittelland AG, Gaznat SA and Erdgas Zentralschweiz AG, which have a long tradition in the Swiss natural gas market with procuring natural gas for their shareholders (Swiss municipalities and distributors) and transporting it to them all over the country. They present strong partners and support for SET.

With a very successful twelve-year history of growth SET is still a young and growing energy trading company. Overall SET traded 50 TWh – out of which 25 TWh were traded with the shareholders. SET is situated in Zürich and serves a wide range of clients including the shareholders with focus on innovative product development in the wholesale and trading segment. The service-oriented performance, highly qualified and motivated employees, as well as modern customeroriented energy solutions make SET an attractive business partner not only to its shareholders but also to third parties.

## CORE ACTIVITIES

SET's aim is to provide a flexible and reliable service for its shareholders and business partners through ongoing improvements and innovative development.

- Market access and state of the art hedging services, incl. portfolio optimization and managing portfolio price risk
- Tailor-made products designed for the individual needs
- Trading in the European Gas Market

## **SET IN** 2020

Despite the world changing due to covid-19 SET was able to provide all services with the accustomed high quality.

The business grew and targets were exceeded. The notional volume of 50 TWh of natural gas was traded via SET on the European markets, whereas the demand was strongest traditionally during the 1st and 4th quarter. All the products, including the non-liquid ones, have been available for the customers of SET via an online platform. It gives the customers of SET a full price umbrella and the certainty of receiving a quote that meets their specific needs. In 2020 SET continued to develop new innovative products for its customers designed for their specific needs including 24/7 market access.

### **AUDIT REPORT 2020**

To the General Meeting of SET Swiss Energy Trading AG, Zürich

Zurich, 6 April 2021

### Report of the statutory auditor on the financial statements

As statutory auditor, we have audited the accompanying financial statements of SET Swiss Energy Trading AG (pages 10 to 11), which comprise the balance sheet, income statement, cash flow statement and notes, for the year ended 31 December 2020.

#### BOARD OF DIRECTORS' RESPONSIBILITY

The Board of Directors is responsible for the preparation of the financial statements in accordance with the requirements of Swiss law and the company's articles of incorporation. This responsibility includes designing, implementing and maintaining an internal control system relevant to the

preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The Board of Directors is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

#### **AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Swiss law and Swiss Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or

error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **OPINION**

In our opinion, the financial statements for the year ended 31 December

2020 comply with Swiss law and the company's articles of incorporation.

### **AUDIT REPORT 2020**

### Report on other legal requirements

We confirm that we meet the legal requirements on licensing according to the Auditor Oversight Act (AOA) and independence (article 728 CO) and that there are no circumstances incompatible with our independence.

In accordance with article 728a paragraph 1 item 3 CO and Swiss Auditing Standard 890, we confirm that an internal control system exists, which has been designed for the preparation of financial statements according to the instructions of the Board of Directors.

We further confirm that the proposed appropriation of available earnings complies with Swiss law and the company's articles of incorporation. We recommend that the financial statements submitted to you be approved.

### **Ernst & Young Ltd**
